Teaching Style

- Plan for a 3:1 ratio
- 1 hour in the classroom requires 3 hours of self-study
- Approximately 10-15 hours per week for each online gateway unit
- We teach from a practitioner’s viewpoint
- We focus on applicability
- We use case studies and real-world examples
- We equip students with a rigorous and contextual framework, not just a bundle of facts or one-off training sessions
Our students

• Our students aim to:
  Enhance their core understanding and focus on specialised skills in applied finance

“I have just completed the Graduate Certificate of Finance and I have thoroughly enjoyed every moment of it. I originally chose to do further studies in finance due to the capital markets and project finance work I was doing.”
